Dear Mr. Haller:

On behalf of APCO, I want to express my appreciation to the Private Radio Bureau for allowing me to take part in its public forum on Spectrum Refarming, and for its ongoing willingness to listen to and carefully consider APCO's views on this important issue.

APCO continues to have serious concerns regarding the Commission's proposals and the potential impact of spectrum refarming on critical public safety communications systems. However, we are encouraged by the Bureau's desire to receive alternative proposals from private radio users groups, such as APCO, and its apparent recognition that some of the proposals in the Notice of Proposed Rulemaking are unworkable.

Sincerely,

  
John S. Powell
